

AUTOMATED TESTING REPORT:

MES KPI Revision in Packaging Entity: Throughput, Downtime and Waste

I. Objective

The objective of this test is validating the calculations and data for the KPIs: throughput, downtime, and waste for the packaging entity in MES. All packaging tubes will be validated individually based on the set condition.

II. Tester

Date
04/08/2023 11:43:58

III. Test Summary

Description	Number
Total validated packaging tubes:	335
Good packaging tubes :	310
Faulted packaging tubes:	25
